

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number ST02327AT

This certificate issued to

Global Aerospace, Inc.
560 Selina St.
Pensacola, FL 32503

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product - Type Certificate Number: A16WE
Make: Boeing
Model: 737-300, -400

Description of Type Design Change: Installation of an APU Fire Extinguishing System to provide automatic operation on the ground in accordance with Global Master Drawing List Doc. 000188-B Revision B dated May 16, 2001, or later FAA-approved revision.

Limitations and Conditions: This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: June 15, 1998

Date reissued:

Date of issuance: May 18, 2001

Date amended:

By direction of the Administrator
